THREE STEPS IN ADVANCE.

Why not Take Them.

Kentucky lags behind neighboring states in allowing children under 16 to work 10 hours a day, according to a statement issued by the National Child Labor Committee. A new child labor bill drafted by the Kentucky Child Labor Association will be introduced in the present legislature and Mr. Huston Quinn, president of the Kentucky Child Labor Association, has asked the assistance of the National Child Labor Committee in the campaign for its adoption.

An important feature of the bill is the provision limiting the hours of work for all under 16 to 8 a day. Owen R. Lovejoy, general secretary of the National Child Labor Committee believes the experience of Ohio, Missouri, Illinois, and the fifteen other states which have already adopted the 8 hour day, proves that such a limit is not only beneficial to the children employed, but positively advantageous to the industries involved. He says employers in states with the 8 hour law have emphatically stated that, although they opposed the provision when it was introduced, they are now heartily in favor of such a restriction.

Getting the Good Road Fever.

The beautiful days of this week have made us anxious to get to road working though yet too early for best results. Then, as it is too early to work our roads now, farmers should double their efforts in getting their farm work up, as far advanced as possible, so when Spring time does come they can be ready for road working.

There is plenty of work which usually is done later that can be done now, such as fencing, cleaning up ground and plowing sod land. With this work all up it should be no trouble to find a few days for every farmer to give to help put our roads in good passable condition when spring comes. Then we can have good roads the whole summer through.

Big Fire at Irvine.

All the buildings on the east side of Main street in Irvine, between the Court House square and the railroad, were burned at an early hour Saturday night. The loss is \$20,000.00 with but little insurance. E. P. Campbell, liveryman is the largest loser, though all the horses and rigs were saved, his loss of feed was great. The fire originated in a building used for a steam pressing shop. Irvine, people more forcibly than ever, now realizes the need of an adequate fire protection.

May He Change His Mind.

We read in the Winchester Sun where Mr. Lewis Lyle left his home in Montgomery county Tuesday for Alabama, where he intends to locate. It was with much regret that Powell county gave up Mr. Lyle as a citizen two years ago, and it is still further to be deplored that he will leave our state. We hope at the last that Mr. Lyle will find that Kentucky is good enough and big enough for us all.

Railroad Hard Hit.

The C. & O. Railroad has been hard hit in two damage cases this week. At Mt. Sterling the road compromised with Judge G. A. McCormick in a damage suit for the killing of his daughter and badly injuring himself by paying over \$18,500. At the same time the case of Celia Banks on appeal in the U. S. Supreme Court went against the road, giving Mrs. Banks' administrator \$5,000, which was the amount allowed by a jury in the lower court. Mrs. Banks was killed at a railroad crossing in Winchester a few years ago. The road claimed that Mrs. Banks' death was due to the wearing of a sun bonnet which partially blinded her, and styled her death due to "contributory negligence".

Hearing Complaints.

The County Board of Supervisors are hearing complaints this week. Some taxpayers that are now paying their proportionate part of the tax have been raised. These taxpayers say they do not care for the raise if some others in the county will be made come up. It is claimed that frequently the very wealthiest men of our county pay no more tax than some in moderate means. The fact too that the state always raises Powell from 5 to 20 percent. is a very good reason for tax payers endeavoring to hold down their property to the lowest ebb consistent with a clear conscience.

An Attractive Feature.

Oklahoma is one of the few States that is capable of handling the big monopolies. Oklahoma has a 2 cent passenger rate, and has just put into force a new trust regulation law which stipulates what certain necessities shall be sold for. The latest effort of the State Commission, empowered to fix prices, is to fix the price for the sale of coal oil at retail at 8 cents a gallon. This is going some in the right direction. The most attractive feature of Oklahoma, Kansas and Texas has always been their splendid way of handling monopolies.

Dies at Butler, Mo.

Mrs. Ancil Bolin, wife of Thomas Bolin, died at Butler, Mo., Jan. 11, 1914. She was a Miss Hoskins before marriage, a sister to W. A. Hoskins, deceased, of this county. She was also a sister to Mesdames Wm. Derickson and J. W. Hanks, of this county, and an aunt of Mrs. Naomi Strange, of Hardwick's creek.

Mrs. Bolin was raised on Hardwick's creek, but went to Missouri about thirty years ago where she has since lived.

Clay City Boy Becomes a Benedict.

Miss Lucy May Gaunce, 20, daughter of Mrs. Louella Gaunce, and Mr. W. V. Hendrix, formerly of Clay City, yard clerk at the L. & E., were married at the home of the bride's mother on Washington street Wednesday evening at 7 o'clock by Rev. J. W. Nelson. Both are popular young people who have many friends to wish them a happy married life.—Winchester Sun.

Hear Him Monday

The Hon. Owslev Stanley will speak at Winchester Monday in the interest of his candidacy for the United States Senate before the primary this fall. Mr. Stanley has proved a true friend of the people against the trusts and the combines, and he is outspoken against them. He will do to hitch to, and will be a credit to our State should he be sent to the Senate chamber as we trust he will. There will be a number of Powell county people in Winchester next Monday as it is Court day, and as many as can should stay and hear him speak. They can learn something from him that every good citizen should know, whether or not they intend to vote for him.

A Profitable Bulletin.

The Kentucky Experiment Station has just issued Bulletin No. 175, on the "Growing and Fattening Hogs in the Dry Lot and on Forage Crops," which is very valuable work to farmers and hog raisers, as it gives in detail the actual gains that hogs fed in the dry lot and hogs running on pasture will make for every bushel of corn when fed alone and when fed in connection with other feeds. This book can be obtained free by anyone desiring it, by addressing E. S. Good, Division of Animal Husbandry, State College, Lexington, Ky.

School Money Ready.

For the first time in twenty years, the State School fund this year will be disbursed among the counties and cities as it falls due. The last installment of some \$492,000 will become due February 1, and checks will be sent out that day. This year the payments commencing in October have been made promptly, and, including the February 1 installment, the Treasury will have disbursed to the schools over \$8,000,000 for the school year. In previous years the February payment has been delayed as late as the following June.

Popular Official Dies.

Mr. Dillard A. Hughes, the popular Assessor of Clark county, died at his home in that county last night at about six o'clock after a lingering illness. Mr. Hughes married Miss Nannie Ware, a daughter of T. B. Ware, of Virden. Mr. Hughes was a very popular official and has many friends in this county.

Almost Dies from Whisky.

Two laborers gave the fourteen-year-old son of Matt Williamson, of Montgomery county, a big bottle of whiskey, a part of which the boy drank and came near dying. It required the aid of two physicians for hours to save the youth's life.

Legislator Dies

Hon. Samuel Turley, Representative in the State Legislature from Montgomery county, died Tuesday at Frankfort from uraemic poison. He was taken sick in the morning and died late that night. Mr. Turley was a very prominent farmer and stock man of Montgomery.

Cashier A. T. Whitt is in Beattyville on business.

No Date for Clay City.

There is no date fixed for a civil service examination for postmaster at Clay City, therefore the applicants for the Clay City post office must pass the examination in adjoining towns. It is likely that most of the applicants will go to Stanton February 13th to be examined, but they do not have to do this. They can go to Campion, February 7th, or to Mt. Sterling, Lexington or Winchester, February 14th; or they can go to Beattyville, February 16th. There are other towns they can go to on different dates, but it is not likely any one from Clay City will go to any town other than one of the above mentioned places, but should they desire to do so it will be legal.

The Times an Exception.

Prof. W. O. Shepard, associate professor of English in the University of Southern California, declares that the much vaunted freedom of the American press is a myth. He says: "The present organization of the business world makes the free press practically an absolute impossibility. The policies of the newspapers with few exceptions are dictated from the business office, and the question of business expediency will often put a sudden quietus on a most vital policy. In spite of this, the ranks of the newspaper profession include many men of the keenest intellect and highest specialized training."

Has the Best of Us.

The Clay City Times being anxious to collect all due us that our subscribers can spare is somewhat envious of that Missouri editor who threatened to publish the name of the young man seen with his sweet heart's head on his shoulder if he didn't come across with a dollar on subscription. Twenty-seven young fellows slipped in and paid a dollar. The editor has letters from two or three others saying they will hand him a dollar the first time they are in town.

Too Late for Change.

We received copy for change in Hardwick & Company's advertisement too late for insertion this week, but the same will appear next week. Hardwick & Co. are enterprising merchants who have found the value of printers' ink and are sticking to it.

The small pox situation at Winchester must not be improving very fast as the Board of Health of that city has ordered all residents and transient residents of that city to be promptly vaccinated.

The Clay City National Bank will have another of their fine statements in our next issue. Our readers are in advance requested to look it up when it appears and read and study it.

T. M. Mountz has accepted a position with the large tobacco manufacturers, Liggett & Myers as traveling salesman and is now on the road.

The Board of Trustees met in a called session Monday night to consider some important matters.

STANTON NEWS.

Robert Blackburn was home over Sunday.

W. O. Reavick, of Nada, was in town this week.

Mrs. Frank Yocom, of Hatchers Creek, and her two children left Wednesday morning for a month's visit with relatives near Campion.

Mrs. Clyde Barnes left for Louisville Monday to accept a position in that city so that she can be near her children who are in the Masonic Home.

Miss Janie Fulks, who is now attending the Academy at Campion, won the gold medal offered by Mr. J. D. Falls, of Clay City, at the Rural School exhibit recently held at Stanton. The medal is a beautiful one of solid gold and was won for being the best speaker. Janie is in another contest now between Hazel Green Academy and Campion Academy for first place as a piano player. It is hoped by the County Superintendent of schools that many more will enter these contests in the coming year.

The writer wishes to say a few words in favor of the Ohio Farmer which is offered as one of the papers in the club list of the Clay City Times. From my earliest boyhood I can remember my father taking this paper, and it was always a welcome visitor to the home. And since his death I have taken the paper now for nearly nine years, and I still think that it is the best farm paper that ever came into our home. It is a splendid paper for the farmer who wants to know the best methods of farming. It is fine for the house-wife as it tells her the best ways of doing her work, in the canning of fruit, the care of poultry, and in the home. It has splendid stories that are of intense interest for the young people. It gives the news of Congress and hundreds of other items of value to the people. If this paper was taken in every home in Powell county and the farmers would use the methods given we would soon have better farms, better stock and better conditions all around. I would advise every body to include this paper in your club list. McCall's Magazine is too well known to need any further comment and speaks for itself.

C. W. Groves was taken this week to the hospital at Lexington. The doctors there in charge gave out some hopes of a recovery.

Cattle on the Mt. Sterling market Monday were very high, heifers selling from 6 cents to 7 cents and steers from 6½ cents to 8 cents.

Keep Posted.

Keep posted on what the Legislature is doing by sending 50 cents to this office for the Daily State Journal from now till April 1st. The State Journal is the only daily paper published at the Capital, but it is a hummer and sound in principle.

Every Kentuckian should read the Kentuckian. The Times and the Kentuckian both one year for only \$1, the price of the Kentuckian alone.

The Republicans of the State are tantalizing the Democrats over the state debt. Just stop and reason, Mr. Republican. One-half the present debt was inherited from your administration, and this to in the face of the fact that the Willson administration instead of inheriting a debt from the Beckham administration, inherited over a million dollars surplus. Then too, it should be considered that our schools are now costing us a great deal more than they did in the first of the Willson administration. We now have six months school in every district instead of five as formerly. It costs more to have six months schools than it does to have five. We, therefore, have more to show for our indebtedness than we did under Republican control, and still The Times has not called attention to this to exonerate the present administration, but do so merely as a comparison with the Willson administration to show that there have been worse administrations than the present.

It occurs to the Times that some of our Representatives at Frankfort are aiming to build a reputation this winter on the point of economy to pay the state debt. This is not as it should be. The state can pay its debts and still maintain its institutions. The Times believes in spending money wherever it is necessary, but of course it does not believe in creating offices for hungry politicians.

The whole trouble lies, in our judgment, in an unequal assessment of property of the state. If the state will tax all the whiskey at 80 % of its real value as it does other property, tax the coal mines at their real value, tax the railroads and corporations at the book value of their stock, there will then be plenty of money in the Treasury next fall to pay off the debt, and pay all deserving claims of the State. Trying to protect large taxpayers is what has put the State behind, and it will be ever so until the discrepancy in our tax levies is remedied.

Notwithstanding the State Constitution which says no official's salary can be increased during his term of office, Attorney General Garnett has advised that the 18 holdover Senators should draw \$10 per day, the same as the newly elected Senators. It will be remembered that the last Legislature increased the pay for all members of the General Assembly from \$5 per day to \$10. It was thought the holdover Senators could not draw but \$5 per day on account of the Constitu-

tional provision that no salary could be increased during the term of office, but General Garnett has shown them how it can be done. General Garnett can also show why the L & N. railroad should be allowed to violate the State Constitution at will when it is his duty to prevent it from so doing as his predecessor General James J. Breathitt did.

The Sherman Anti-Trust law is to be amended by this session of Congress. The law now provides a fine against any concern conspiring to crush a competitor out of business. It fixes heavy fines for a violation of the law, but does not provide for a redress of the business man who is ruined by the larger concerns' unfair actions. It has been so a rich corporation could drive a small competitor from business, then put the price up and soon regain all losses and pay the Government heavy fines besides. The new law will be so that the small concern can sue its larger oppressor and recover full damages for such illegal action.

Isn't this a good measure? Then give a Democratic Congress due credit for it and continue to look for reform measures so long as the people of this country are sane enough to keep such a Congress at Washington.

Editor Emin Elam, the wide-awake editor of the Kentucky Mountaineer, is very much interested in the revival of the Mountain Press Association, and leads off by mentioning Editors Webb, of the Whitesburg Eagle, Swinney, of the Campton Courier, and the writer, Editor of the Clay City Times, a committee to designate a time and place for the re-organization of such Association. We very much appreciate the honor, Bro. Elam, and accept with the privilege of naming a substitute, and proceed at once to name Editor Elam, of the Kentucky Mountaineer, as our substitute. With this change the committee is replete with the proper ability and persistency to make the Association a go. With these remarks take your credentials, Gentlemen, and proceed with your work.

A recent publication of the item that there was now \$35.11 for each man, woman and child in the United States, brought an avalanche of letters upon the Treasury at Washington from persons from all parts of the country demanding their part. And the families from which these demands came seemed to be unusually large. They should have been advised that this money is scattered in every part of the country, but persons to get their part must go to work and earn it, and then save it. The trouble has always been with some people that they do too much waiting for something to turn up instead of getting out and turning things up themselves.

One Kentucky editor refers to the Third House in speaking of the lobbyists. He then mentions the book trust who is always there getting new laws passed that will require new books. He says it is to be hoped that the Legislature will settle down on some plan that will not require a change in books at every change in the moon.

This is the doctrine of the Times. The books have been changing rapidly since we can remember, thirty years ago, and the writer is sure that they have gradually grown worse from time

to time. Changing school books is, too, about as bad a policy as it is costly.

The Times has received a number of compliments recently for all of which we are very grateful to our readers. We want to still further improve the paper, and will do so from time to time as our business justifies. We ask our readers to help us make the paper better. The best way to do this is to hand in items of interest and get your neighbor who is not now on our list to subscribe. Do not neglect this, please, as a paper full of local items is half the fight, and being invited to subscribe is the other half. The two combined is sure to win for us the 1,000 list by 1915.

STANTON NEWS.

Walter Thacker made a business trip to Lexington last week.

John Will Morton has moved his family to Mrs. Tet Hall's house.

Henry Derthick, of Indianapolis, Ind., was visiting his brother here this week.

Mrs. Armstead Faulkner, Mrs. Carrie Tipton's mother, has returned to her home this week.

Mr. Chas. Scott, General Passenger Agent of the L. & E. was in Stanton this week on business.

J. Caesar Hurst, of Wilhurst, Breathitt county, was here on business this week with Ross Hall.

Mrs. Bettie Hardwick has returned from a month's visit to her son, Judge J. H. Hardwick, at Winchester.

Mrs. Ide Boone is with her daughter, Mrs. Fred Ware on Hardwick's creek. The baby is not doing very well.

Mr. Ben Throckmorton, of Lexington, is here for a few days with his wife at the home of M. A. Phillips and family.

The Ladies Aid of the Christian church will meet from now on the first and third Saturday of each month. Let every member be present at these meetings.

Miss Helen Welch is visiting friends and relatives in Winchester this week. Miss Helen says that the writer may be able to make an important announcement before ever long.

Dr. J. E. Lemming received an urgent telephone message from Cane Creek Gap that Mr. Everett Herman, of that country was very sick. At this writing we have not heard from the doctor.

Mrs. Whitehead, the wife of our section foreman, is very sick with biliousness. As she is a stranger in our midst it would do well for some of our good women of Stanton to call on her and cheer her up.

Among those who made a business trip to Mt. Sterling Monday and to attend county court day were Dr. J. E. Lemming, Thomas Chaney and Clifton and Jesse Chaney. Clifton went to buy stock and equipment for his farm he recently purchased.

L. F. Martin, who has been located in Whitesburg for two years, was visiting friends in Stanton and Powell county this week. He will leave next week for Mexico where he expects to make his future home. He has bought a small tract of land and expects to raise oranges, lemons and etc.

There will be a Congregational meeting of the members of the Presbyterian church the 30th of this month. It is requested that every member be present at this meeting as it will be an important one. And of course every member who considers himself or herself a Christian will be there.

There was a "strange" baby that came to the home of one of our townspeople last week. He arrived without baggage, with no name and is as helpless as a little infant. So far no one else claims him and the home where he came to they have decided to keep him and raise him. He is a strong, lusty chap and weighs only nine pounds. He is at pres-

ent at the home of Mr. and Mrs. Marion Strange. Dr. Johnson looked after his arrival.

Dr. Shirley, of Winchester, was in town one day last week in the interest of the hookworm that is holding the attention of the people of the Southland. We think the county ought to make an appropriation to Dr. Shirley so that an investigation can be made in Powell county to see whether that disease is prevalent in our county. The counties all over the State and all the States of the South are doing this. Investigation has been made in Eastern Kentucky and the disease has been found to an alarming extent. A small appropriation by the officials of our county will be of great value to the citizens of our county in determining what the state of affairs are here.

In talking with one of the doctors of Stanton last week he said that this ought to be done by all means as he was not sufficiently acquainted with the disease to know when he did have a case and he would be very glad to have this investigation made. He said it might be that they were attributing sickness to some other cause when this disease might be the cause. And if this disease was the cause he would know how to treat it. The remedy for this disease is very simple if followed out and many lives might be saved if this investigation is made.

Vaughn's Mill.

G. W. Bush has recently purchased a part of the J. T. Wright farm for \$2,100.00.

Several youngsters were entertained at the home of Mr. Andy Barnett Saturday night and Sunday.

Geo. S. Ware, of Spout Spring, and Chas. Clark visited the former's brother, J. F. Ware, of Little Creek Sunday last.

Mr. Mack Gravett and family, from Wades Mill, former residents of this place, have recently returned. We extend to them the glad hand of welcome.

Mr. Everett Highley and wife have moved to Winchester to take charge of a dairy for the former's uncle, Mr. Tickle Daniel. Mr. Jno. Highley, his brother, will assist him with the work.

A special business session of the Farmers' Union was held Saturday, January 17th and it is reported that they will start their business enterprise in a short time.

Death of Mrs. N. R. Swope.

Mrs. Pinkey Ewen Swope, wife of N. R. Swope, died at her home in this city Wednesday afternoon after a brief illness. She was born in Powell county, Kentucky, June 21, 1878, and died January 14, 1914. She came with the family of her father, Weeden Ewen, to Lamonte, Mo., in 1898. She was married to N. R. Swope April 18, 1900. To this union four children were born, two of whom have preceded her into the life beyond, viz: Mabel Clair, aged 20 months, and an infant son, both of whom died while Mr. Swope and wife were temporarily sojourning in Kentucky.

She is survived by her husband and two children—Lillian Maurine and Forrest Ewen, aged 4 and 2 years, respectively.

She is also survived by her father and the following named brothers and sisters: Albert Ewen, of Bowen, Ky.; Mrs. A. M. Burgher, of Clay City, Ky.; Mrs. Sallie Rose, of Winchester, Ky.; J. E. Ewen, of Kansas City; Chas. Ewen, Mrs. Lillie Carpenter, Miss Bessie Ewen and Russell Ewen, of Lamonte.

Mrs. Swope joined the Christian church in Kentucky when she was about 18 years old and lived a consistent Christian life. In the home she was kind and affectionate and she was highly esteemed by all who knew her.

The funeral services were conducted by Rev. C. V. Pearce at the Christian church this afternoon and the remains were laid to rest in the Lamonte cemetery. The floral tributes were numerous and beautiful.—Lamonte Record.

Stanley Abe at Winchester.

If Congressman Stanley's amendment to the Sherman Law is passed by Congress, and it is almost certain that it will, there will be nothing doing for trusts in the United States from now on, unless the Republicans let them ride into power again. Mr. Stanley's amendment would make it illegal for the restraint of trade, "in any degree." The Supreme Court of the United States in passing on the famous Standard Oil case, brought in the "rule of reason" policy which enabled the distinguished body to "let this big trust down light" and Congressman Stanley's new law will eliminate such in the future. It is another act of this great statesman that will no doubt bring him into even greater prominence than his probe of the steel trust.—Winchester Democrat.

For Our Women Readers.

The Times has a combination that should appeal to every lady reader. We will send both Today's and McCall's magazine together with two patterns free, and the Ohio Farmer weekly and the Times all for \$1.25. If you or any one of your family are already a subscriber to the Times, just send us 75 cents in money order or stamps and we will send both magazines and the weekly farm paper one year. You select the patterns from the magazines after you receive them. Send today as this offer will soon be withdrawn. It is made only as a subscription getter for the first of the year.

Home Happiness.

The responsibility of making home happy does not rest on one but equally on two. How can a man love to stay at home when the home is anything but neat? His meals poorly prepared and presided over by a careless, slouchy looking woman; and how can a woman without any encouragement by all that a wife should be, when herself and children are neglected, half-clothed and half-fed, the father and husband, if not drunk, sitting around the store whittling and indulging in chat that is far from becoming a gentleman? The combined efforts of both will succeed, though it will take days, weeks and even years, but be patient. A crown awaits you. Don't, husbands and wives, so far forget yourselves as to speak of each other's faults to other people. Before doing this ask yourselves "For what did I marry?" If you married without first considering the subject, well, you made a broad mistake. If you married for beauty, wealth, to please some one else or to keep from being called an old maid, be content with your lot, or if not content, make the best you can of the situation. You don't deserve pity, for you shut your eyes and didn't even try to see. Now if you are unhappy, shut your eyes again and try not to see the faults of him whom you wed. If you had the courage to marry a stranger and have got in trouble, console yourself with the fact that you have performed as dangerous a feat as Hobson did when he sank the Merimac.

You can seldom stretch the desperate character and had truth enough to cover a lie.

Too Much Politics.

We have too many elections and too much politics in Kentucky. Much valuable energy has been dissipated during our political campaigns, and the partisan spirit has frequently ruled when the fundamentals of human progress should have prevailed. Our campaigns of abuse and vilifications have frequently paralyzed business, destroyed community ideals and cooperation. The holding of public office, the drawing of salary and the control of party machinery rather than a public service have too frequently been the motive behind the political campaigns of Kentucky. These things have a devastating effect upon the progress of the State as well as upon its population.—A Greater Kentucky.

The American Press Association has been engaged to represent the Times in the foreign advertising field. The Times has been bitten by so many foreign advertisers that we have quit accepting contracts for fear of another bite. The American Press now stands between this paper and all danger. This privilege is extended only to home print papers. This feature alone is worth considerable to home print papers.

Chief Police Reagan, of Lexington, while trying to arrest a negro by the Smith, was compelled to engage in a battle with him in which both the Chief and the negro were wounded. They will both recover. The negro was a

desperate character and had resisted arrest.

Undoubtedly the Season's Greatest Subscription Bargain

THE OHIO FARMER

FOR the past quarter of a century, there has been one Farm Paper that has stood out from its fellows like a ray of sunshine through a murky sky; by its straightforward and fearless attitude on every big question affecting the public in general and the farmer in particular. By its unchanging policy of acceptance for publication, only the salient and outstanding reported concerns; by its unfaltering advocacy of everything that has contributed to the betterment of the farmer, his family and farm, it has ennobled its name at the very forefront of The American Farm Press.—**THE OHIO FARMER**.

From 20 to 48 pages every week. Magazine Section devoted to high-class fiction, travel and science sketches, poetry, articles for boys and girls, etc.

REGULAR PRICE, 50 CENTS A YEAR.

TODAY'S MAGAZINE

TODAY'S MAGAZINE is a monthly and contains from 32 to 44 pages, 11 inches wide, 16 inches long. It is a large, complete woman's magazine, full of general information of interest. Every issue contains consecutive articles on timely subjects written by the foremost men and women of the day. Its pages are full of the choicest kind of literature relating to history, travel, science, invention, art, drama, education, religion, music, fashions, needlework, hairdressing, home dressmaking, health, hygiene, cooking, short stories and serial stories. It is printed on a fine quality of paper with beautiful, clean-cut illustrations. It is a handsome magazine in every respect.

REGULAR PRICE, 50 CENTS A YEAR.

McCALL'S MAGAZINE

McCALL'S MAGAZINE contains from 80 to 124 pages each month. The pages are 8 inches wide and 11 inches long. It is the greatest Woman's Fashion Journal in America, and is a large, artistic, handsomely illustrated woman's magazine.

It contains special articles and stories and new ideas in dressmaking, millinery, fancy work, home decorations and household management. It illustrates 50 to 60 fashion designs every month, some in colors, besides numerous other attractive features which have made this a favorite magazine in over one million homes.

REGULAR PRICE, 50 CENTS A YEAR.

OUR PAPER

Little need be said about our own paper. You are all familiar with our aims and plans. Suffice it to say that we will continue to publish the kind of a paper that will aid in promoting the welfare of our Home and Civic life. We hope to continue to enjoy the confidence and good will of our people here at home. We will strive hard to merit it.

What finer present could you make your family, than a year's subscription to these splendid publications, thus insuring for Father, Mother, and the Boys and Girls, a full supply of instructive and entertaining reading for the long Winter evenings that are coming?

At this season of the year, all sorts of combination offers are made, most of which consist of cheap, unknown publications that possess very little value. Here we offer you FOUR publications, each of which is well known to you as being absolutely reliable. We feel extremely enthusiastic over this offer and have no hesitancy in urging our readers to subscribe. It is a genuine bargain. Take advantage of it NOW, as it may be withdrawn at any time.

THIS IS THE OFFER YOU CAN'T AFFORD TO MISS. SIT DOWN NOW AND SEND YOUR ORDER TO

THE TIMES.

A HOME-MADE PAPER.

THURSDAY, January 15, 1914.

LOCAL BREVITIES.

Ollie Hadden, of Montgomery county, was in the city Saturday.

Mr. Trimble, bought several head of cattle in the county last week for Mike Wilson.

Mrs. Wm. C. Martin and son, Shelby, visited her father, J. W. Conlee, near Mt. Sterling over Sunday.

H. D. Curry, of Moorefield, Nicholas county, visited his brother, J. J. Curry, and other relatives in the city from Saturday till Monday.

The death rate in the state of Kentucky has shown a decline of two-tenths of one per cent, but the death rate in the city of Louisville has increased four-tenths of one per cent.

Neither the American Baseball League, nor the National League will sign contracts for the new year with players who will not agree to refrain from the use of intoxicants during the baseball season.

An Estill county boy has caught a yellow rabbit and has it now in a cage. This is the first yellow rabbit that we have yet heard of. We have seen white rabbits, black rabbits, but have yet not seen the yellow rabbit.

An Ideal Woman's Laxative.
Who wants to take salts, or castor oil, when there is nothing better than Dr. King's New Life Pill for all bowel troubles. They act gently and naturally on the stomach and liver, stimulate and regulate your bowels and tone up the entire system. Price, 25c. At all Druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

To Handle Inebriates.

Senator Porter, of Webster county has a bill for a new treatment of inebriates. When asked by President McDermott to explain his bill he said: "This bill is to save trouble for the Sheriff when a man gets drunk or under the influence of drugs when he is out in the country. It allows his case to be taken before the nearest magistrate, who will handle it under the same procedure now required for the care of insane persons and idiots."

Knows How to Handle Boot Leggers.

Judge W. B. Shackleford, of Richmond, knows how to handle bootleggers. Last week Sant Lakes was caught with ten gallons of fine brandy. When arraigned before Judge Shackleford he promptly fined Lakes \$50 and poured out the brandy.

This is a good record for a new county Judge, and we hope to see him keep up the good work, and hope to see it spread to adjoining local option counties and then over to Powell. A few such prosecutions as that in Powell will put a stop to Powell county bootleggers, as the ones engaged in the work have not more than the price of 10 gallons of good brandy.

Worms Cause of Your Child's Pains.

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst, cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief—It kills the worms—while its laxative effect add greatly to the health of your child by removing the dangerous and disagreeable effect of worms and parasites from the system. Kickapoo Worm Killer as a health producer should be in every household. Perfectly safe. Buy a box to-day. Price 25c. All Druggists or by mail. Kickapoo Indian Medicine Co., Philadelphia or St. Louis.

The Jackson court house has just been treated to a new clock in the cupola at a cost of \$1,400. A. R. Mauppin, formerly of this city, now a jeweler of Jackson, put in the clock and has been employed by the Fiscal court to keep the same in repair.

Has Attack of Appendicitis.

Edward Rose returned home from above Jackson Friday afternoon suffering from what later proved to be appendicitis. The attack was not severe enough to advise an operation, and Dr. Martin, the attending physician, thinks that an operation can be avoided, at least for the present time.

For Frost Bites and Chapped Skin.

For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc. 25c. All druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.

Candy Party.

Masters Ishmeal and Shirley Potts and Miss Hoyt Patton entertained a large crowd of their playmates Saturday night with a candy party. All reported a fine time. Miss Hoyt and her mother returned to their home in Cincinnati Sunday.

Wonderful Cough Remedy.

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson, of Eidsen, Tenn. writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All Druggists or by mail. H. E. Bucklen & Co., Philadelphia and St. Louis.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.
